Session -2026-27

Topic- **Chapter – 28 (So Many Languages !)**

Learning Objectives:-

- **Understand the concept of different languages**
- **Identify various languages**
- **Appreciate linguistic diversity**

Answer key

1.Tamil	2.Marathi	3.Punjabi	4.Garo	5.Kannad
6.Malayalam	7.Odia	8.Koshur	9.Bangla	10.Hindi

Topic- **Chapter – 31 (Space Search)**

Learning Objectives:-

- **Identify basic features of space**
- **Learn simple facts about planets**
- **Recognize different space objects**

31

Space Search

Our Earth is surrounded by a thick layer of atmosphere. Beyond this atmosphere exists a vast space. The sun, moon, planets and stars are found in the space.

Let's see how much you know about space.

1. How many planets are there in the solar system? Eight
2. Which planet is nearest to the sun? Mercury
3. Which is the farthest planet from the sun? Neptune
4. What is a galaxy? Group of Stars
5. Who was the first Indian to go into the space? Rakesh Sharma
6. Who was the first person to land on the moon? Neil Armstrong
7. Who was the first Indian woman to go into the space? Kalpana Chawla
8. Which planet is also called the Red Planet? Mars

Science and Technology

HELP BOX

Neptune Rakesh Sharma Mercury Kalpana Chawla Neil Armstrong Mars Eight Group of Stars

Topic- **Chapter – 32 (Materials Around Us)**

Learning Objective:-

- **Identify different materials**
- **Understand the uses of materials**
- **Develop observation skills**

32

Materials Around Us

Substances which we use to make things are called materials. Some things are made from more than one material.

Match the things with the materials from which they are made.

a Iron

b Rubber

c Plastic

Science and Technology

d Fibre

1. Plastic Jar
2. Clothes
3. Tyre
4. Book
5. Ornament
6. Furniture
7. Iron rod
8. Mirror

e Gold

f Wood

g Paper

h Glass

Info Corner

- Diamond is the hardest material found on the earth.
- In India, Kerala is the leading producer of rubber.

Seek Out In which country paper was first made?
