

## VISIT TO RAILWAY STATION

Providing hands on experience is an integral part of teaching in the school. The students of **class II** visited Gandhinagar Railway Station on **21 April**. A visit to the railway station is always a very interesting and unique learning experience.

The students got an opportunity to experience the process of buying a platform ticket and then entering the Railway Station. The students were thrilled to see the bustling platforms. They visited the waiting room, railway book store and canteen for passengers. As part of learning, the students also pasted their individual platform tickets in their scrap book.
