STORY

Elephant and his friends

One day an elephant wandered into a forest in search of friends. He saw a monkey on a tree. "Will you be my friend?" asked the elephant. The monkey replied, "You are too big. You cannot swing from trees like me". Next, the elephant met a rabbit. He asked him to be his friends. But the rabbit said, you are too big to play in my burrow!" Then the elephant met a frog. "Will you be my friend? He asked. "How can I?" asked the frog. "You are too big to leap like me." The elephant was upset. He met a fox next. "Will you be my friend?" He asked the fox. The fox said, "Sorry sir, you are too big." The next day the elephant saw, all the animals in the forest running for their lives. The elephant asked them what the matter was. The bear replied, "There is a Tiger in the forest, He is trying to gobble us all up!" The animals all ran away to hide. The elephant wondered what he could do to save everyone in the forest. Meanwhile the tiger kept eating up whoever he could find. The elephant walked up to the tiger and said, Please Mr. Tiger, do not eat up these poor animals." "Mind your own business!" growled the tiger. The elephant had no choice but to give the tiger a hefty kick. The frightened tiger ran for his life. The elephant ambled back into the forest to announce the good news to everyone. The animals thanked the elephant, they said, "You are just the right size to be our friend."

Riya and the bird

Once there was a girl. Her name was Riya. There was a big tree in front of her house. She loved to watch it from her window. On that tree, lived a bird. Then monsoon came. Riya saw that the bird was very helpless and could not get food and water. So, she, with the help of her mother, started putting pieces of chapati and water on her window. The bird regularly came to eat and drink them on her window. Monsoon got over and the bird started building a nest. Soon she lays two eggs in the nest. After sometime there were two small baby birds in the nest. Riya loved to watch them play in the nest. One day when she was watching them, an eagle came and started hurting them. Riya showed bravery and saved the baby birds from the eagle. Riya and all the birds became friends and played together every day.
