

DELHI PUBLIC SCHOOL, GANDHINAGAR

Academic session 2018-19

Event Report

Title: Sharing Day	Date: 06/08/18
Venue: Pre- Nursery classroom & School Garden	Class: Pre-Nursery

A joy that is shared is a joy that is doubled. To show care for someone is to lend a helping hand. When you share with others you unselfishly give of your own self. Teaching our children to share is teaching them compassion and love. Keeping this in mind and to experience the benevolent joy of sharing, "**Sharing Day**" was organised for the tiny tots of Pre-Nursery on 6th August 2018. Children had brought different delicacies from their home and shared with each other. Children also brought their favourite toys and were playing together with each other's toys. The day was celebrated as good manners taught at an early age. Days like **Sharing Day** help children to acquire good values and learn the joy of sharing. At the end of the day, a handmade souvenir with a chocolate was shared by the tiny tots with each other. The joy of sharing, that the children felt could be seen from their smiling and happy faces.
