Assembly Report

Title: Good touch and Bad touch	Date: 2/11/18
Venue: School Atrium	Class: IV & V

"Safety starts with knowing that your intuition about people is your brilliant guardian"

A special assembly was conducted on 2nd November by the students of std. IV & V in the school Auditorium to bring awareness about good touch and bad touch.
The details of the Assembly are listed below:-

Theme: Good touch and Bad touch

Class: IV & V

Objective: The objective of assembly was to provide information to the children regarding good touch and bad touch.

Programme: The assembly commenced with prayer conducted by the Headmaster Mr. Rakesh Kumar Bhagat .Then a skit was performed by the students to explain to children what touch is and isn't okay, and help them understand what situations they should tell a safe person about and ask for help, and how they should treat other people. For children, "good" touch is touch that cares for them, that is necessary for their health or safety, or makes them feel safe, or is fun. "Bad" touch is any touch that they don't want or makes them feel scared, or any secret touch, or any touch on their private parts, unless it's necessary for their health.

Then a video film was shown to the children on the same topic. It was followed by prize distribution of all the Inter house sports competitions and Art and craft competition.The assembly concluded with a message by Headmaster Sir with encouraging words for the participants and congratulations to the winners. It was followed by national anthem.
