

DELHI PUBLIC SCHOOL, GANDHINAGAR
Academic session 2020-21
Activity Report

Title: Kite Making Activity	Date: 08/01/21
Venue: Online Activity	Class: I & II

'Kites rise higher against the wind – not with it'

About the Event

'Makar Sankranti' is celebrated every year on 14 January to bring in universal brotherhood and celebrate the onset of harvest season. The festival is celebrated in the form of Kite flying competition where families compete in flying kites with friends and neighbours. To commemorate this auspicious occasion, Delhi Public School Gandhinagar organized an online Kite making activity for the students of Grade I & II on 08 January 2021.

Objective of the Event

- To celebrate the festival to achieve good health, success and prosperity for their family.
- To enable the students to explore their imaginative and creative side.
- To enhance the art & craft skills of the students.
- To increase students' aesthetic appreciation.
- To make the students understand the significance of harvest season in lives of farmers.

The Event and participation

The theme of the Kite Making Activity was based on uplifting human spirit. Students were asked to bring big colourful square shaped craft paper cuttings and to stick triangular shaped paper strips on tail of kite at its bottom edge. Students decorated these kite shaped papers with googly eyes and smiley and wrote a message '*Touch the Sky with Glory*' to complete the activity. The activity was a huge success with great participation and enthusiasm shown by all the students. It helped the students to explore their creative side and was a welcome change from routine activities.
