

DELHI PUBLIC SCHOOL, GANDHINAGAR

Academic session 2018-19

Event Report

Title: Riddle Day	Date: 07/12/18
Venue: Respected classes	Class: Preparatory

Riddles are useful to develop children's social skills and memory. Keeping this in mind we planned to give some exercise to their brains and conducted Riddle Day on 7th December'18 for the students of class Preparatory. Around 20 to 25 riddles were asked by the teachers to them and students were not afraid to blurt out the answers. They were quick and confident in expressing themselves .Hence it was a memory enhancer day which enhanced their thought process and made them think out of the box. Students enjoyed to their fullest and were not ready to give up even if they answered the riddle wrong several times. Photographs were clicked and flippers were given to them.
