The Event and participation

The session started with a brief introduction of NDRF and its activities. The session included a slide show of photographs and videos of work executed by NDRF teams in the past such as the recent floods in Kerala, floods in Banaskantha last year as well as the support extended during the Nepal earthquake. The State of Gujarat is susceptible to earthquake, cyclone and floods. In order to demonstrate their readiness in such crisis the NDRF personnel showcased some of the equipments, tools and machineries which are used by them. The main motto of NDRF is to save human life. The NDRF team also imparted various tips on First aid to the students and demonstrated how to impart first aid and how to make stretchers from house hold items and also help save people from drowning by using basic things found at home. The students keenly watched and learnt all the techniques. They were truly inspired and motivated to know about such a selfless dedicated, fearless, adventurous team of real life heroes.
