The Primary Wing of Delhi Public School, Gandhinagar organized a visit to the departmental store 'D-Mart' for the students of Std.: II on 02-February 2019. The visit was aimed to help the students learn life skills and also understand the concept of procurement, billing and money management.

#### **Objective of the Event**

- To make the students aware about purchasing, billing and queue system.
- To create awareness about day to day requirements in a household.
- To make students understand the significance of stacking of products in different sections.
- To enable students make a choice of product to be purchased considering the budget available.

#### **The Event and Participation**

D-Mart is a one stop supermarket chain that aims to offer customers, a wide range of basic home and personal products under one roof. The students were briefed in advance about the visit and were asked to follow the instructions of the Teachers and the D-Mart Management. The purpose of the visit was to make the students aware about purchasing, billing and queue system in a departmental store. The students went on all the floors of the supermarket and purchased a few small items such as colouring books, crayons and chocolates. The students spent Rs. 50 each in purchasing mostly stationery items. The students learnt the concept of data handling as well as money management through this practical exposure. They also pasted their respective receipts in their scrap books as well. It was a fun filled trip and a fantastic learning experience for all the students.
