

## **DELHI PUBLIC SCHOOL, GANDHINAGAR**

**Academic session 2021- 22**

### **Workshop Report**

<b>Title: Learning Corners in Kindergarten</b>	<b>Date:4.3.22</b>
<b>Venue: Audio Visual Room</b>	<b>Class: Pre-Primary</b>

The workshop was conducted by Ms. Sona Rawat on 4.3.22(Friday). The topic for the workshop was 'The Learning Corners in Kindergarten'.

The objective of the workshop was to make teachers acquainted with different learning corners and developing interactive and activity-based classrooms. The teachers would be able to promote independence and love for learning.

The workshop focused on delineating different learning corners and materials needed to set up these corners. Learning corners is based on the child-centered approach to teach children. It gives freedom to choose what to do and promotes socialization in learning. In the course of the workshop the teachers participated in various activities related to literacy and numeracy corners.

It was an enriching workshop which clearly portrayed the need for involvement, adaptation and creativity in learning practice.
