

DELHI PUBLIC SCHOOL, GANDHINAGAR

Academic session 2019-20

Event Report

Title: Pictionary Making Activity	Date: 3-August-19
Venue: Classrooms (V A-G)	Class: V

About the Event

Pictionary making is an essential practical activity which aims at enhancing the written communication skill. The objective is to make a dictionary with words and pictures. Delhi Public School, Gandhinagar organised Pictionary Making Activity for the students of Std.V on 3 August 2019 to motivate the students to increase their vocabulary.

Objective of the Event

- To raise awareness of dictionary layout and parts of speech.
- To provide a myriad of opportunities to demonstrate the talent of the students.

The Event & Participation

Pictionary Making activity was organised for the students of Std.V on 3 August 2019. All the participants had to design a 'Picture Dictionary' with letters A to Z. The students used a supportive picture and part of speech to frame sentences. The students were allowed to cut and paste pictures and photographs. The content had to be written in the participant's handwriting with an attractive cover page. This creative activity combined the fun of making dictionary with the skill of learning to write new words. The activity became more meaningful when the students made their own personal picture dictionary reflecting their own interests and vocabulary. All the participants were well prepared with remarkable vocabulary and participated with great enthusiasm.
