Academic session 2018-19
Event Report

Title: Report on Field trip to Dandi Kutir	Date: 07.07.18
Venue: Delhi Public School Gandhinagar	Class: VIII –E, F, G and H

“Nothing beats an exciting hand- on experience to deepen learning. The magic of a field trip isn’t just the subject. It’s the break in routine and adventure that opens up children’s mind to new things.”

A field trip was organized to Dandi Kutir on 07th July, 2018 for the students of classes VIII-E, F, G and H. It was a very pleasant morning when a group of 100 young learners along with four teachers set out for Dandi Kutir with a feeling of great enthusiasm and eagerness. Within no time the inquisitive minds reached there. Dandi Kutir is the world’s largest and only museum built on One Man’s Story – Mahatma Gandhi, Father of the Nation.

Gandhi’s vision and legacy is at the core of the museum which inspired the young buddies. They were amazed and spell bound to see the well maintained place with shows and displays entertaining and conferring varied knowledge.

The trip was really educative as the students got an opportunity to see the museum in salt mount shape which showcased the transformation of an ordinary individual into a Mahatma. They enhanced their knowledge by watching the glimpses of Gandhi’s early life to his children when he was a shy, remarkable and unique student beautifully portrayed with the help of audio visuals. They enjoyed grasping the information through well designed sophisticated electronic multimedia technologies including audio guide in synchronization with pictures on the walls, 3D mapping and 3D hologram.

This didactic trip was an experimental delight for students and they were very motivated after this trip.
