## Let us Enter

- I. Join the dots and colour the picture beautifully, Student to colour and join the dots.

## Activity Land

Page No. 78

Using the Lines Tool draw the given shapes.

1. Rectangle

2. Square

3. Triangle

Students will draw the above tools practically in Tux Paint. All the shapes to be drawn practically.

# Answer the Wizard

## Page No. 81

### A. Name the tools used for the following.

1. For drawing straight lines.

Ans. Lines Tool.

2. For drawing shapes.

Ans. Shapes Tool.

3. For making exact copies of the same picture.

Ans. Stamp (Rubber Stamp) Tool.

4. For creating magic effects in the picture.

Ans. Magic Tool.

5. For opening the previously saved file.

Ans. Open

## Page No. 82

### B. Put a tick ✓ in front of the correct sentences and cross ✗ in front of the wrong sentences.

1. Stamp tool is used for creating magic effect.

✗

2. Line tool is used for drawing straight line.

✓

3. We cannot draw shapes in Tux Paint. ✘
4. We can open the file by clicking on the Save button. ✘
5. In Tux Paint drawing can be edited. ✔

**C. Answer the following questions.**

1. Why do we use Stamp Tool?

**Ans.** It is used to create many copies of many objects within a picture.

2. What is the use of Magic effect?

**Ans.** It is used for filling different colours in the drawn pictures and create magic.

3. What is Tux Paint used for?

**Ans.** Tux Paint is used for drawing and colouring pictures.

4. What is Sharp tool?

**Ans.** Sharp Tool is used to add sharpness in the picture.

5. What is the use of Flip Tool?

**Ans.** The Flip Tool is used to invert the pictures taken from Stamp or Shapes.

**Page No. 82**

**On the Magic Machine and Fun in Fairland is to be drawn Practically by the students in MS – Paint.**

**Draw and colour a Thank You card for your parents in your notebook. Make the same in Tux Paint, too.**

**Wise Owl's Challenge**

**Explore the Magic tools and draw a real rainbow using them.**

## Activity Land

Write the dialogue for the girl and boy given below.

Hi! Do you  
Enjoy drawing  
in paint

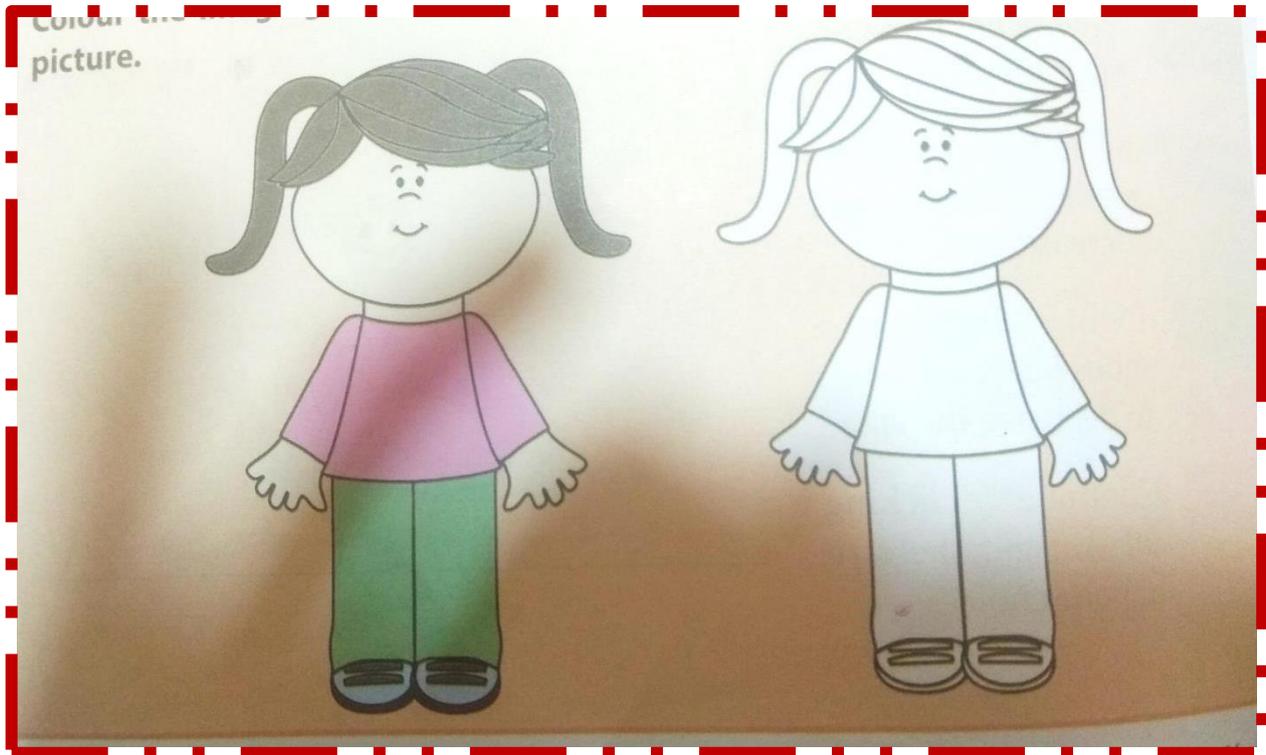

Yes, I do  
enjoy drawing.

# Activity Land

Page No. 68

Colour the image given below with the same colours as given in the reference picture.

Students will colour the image as given in the sample picture.

# Answer the Wizard

## Page No. 73

**A. Put a tick ✓ in front of the correct sentences and cross ✗ in front of the wrong sentences.**

1. To make a polygon we use the polygon tool. ✓
2. We cannot enlarge the image with magnifier tool. ✗
3. There are more than 16 million colours in MS Paint. ✓
4. We can cut and paste the image in MS Paint. ✓
5. We can paste pictures many times in MS Paint. ✓

**B. Identify the tools used for the following.**

1. For changing the size of the part or the entire drawing.

**Ans.** Resize feature.

2. For making closed shape using straight lines.

**Ans.** Polygon Tool.

3. For picking colour from one image and filling in another.

**Ans.** Color Picker Tool.

4. For showing speaking dialogues.

**Ans.** Callout features

5. For selecting image by free-hand drawing.

**Ans.** Free-Form Selection Tool.

**C. Fill in the blanks.**

1. **Polygon** is closed shape made up of straight lines.
2. **Select all** is a type of selection in which full image is selected.
3. MS Paint is a part of **Microsoft Windows**.
4. **Skew** refers to shifting the picture at an angle.
5. In freeform selection, we select the image by **free hand drawing**.

**D. Answer the following questions.**

1. What is polygon tool?

**Ans.** It is a closed shape made up of straight lines.

2. What do you understand by resize?

**Ans.** Resize Option is used to change the part or the whole drawing.

3. What is color picker tool used?

**Ans.** Color Picker is used to pick the colour from one drawing and fill in the other drawing.

4. What steps you follow to cut and paste an image?

**Ans.** **Cancelled**

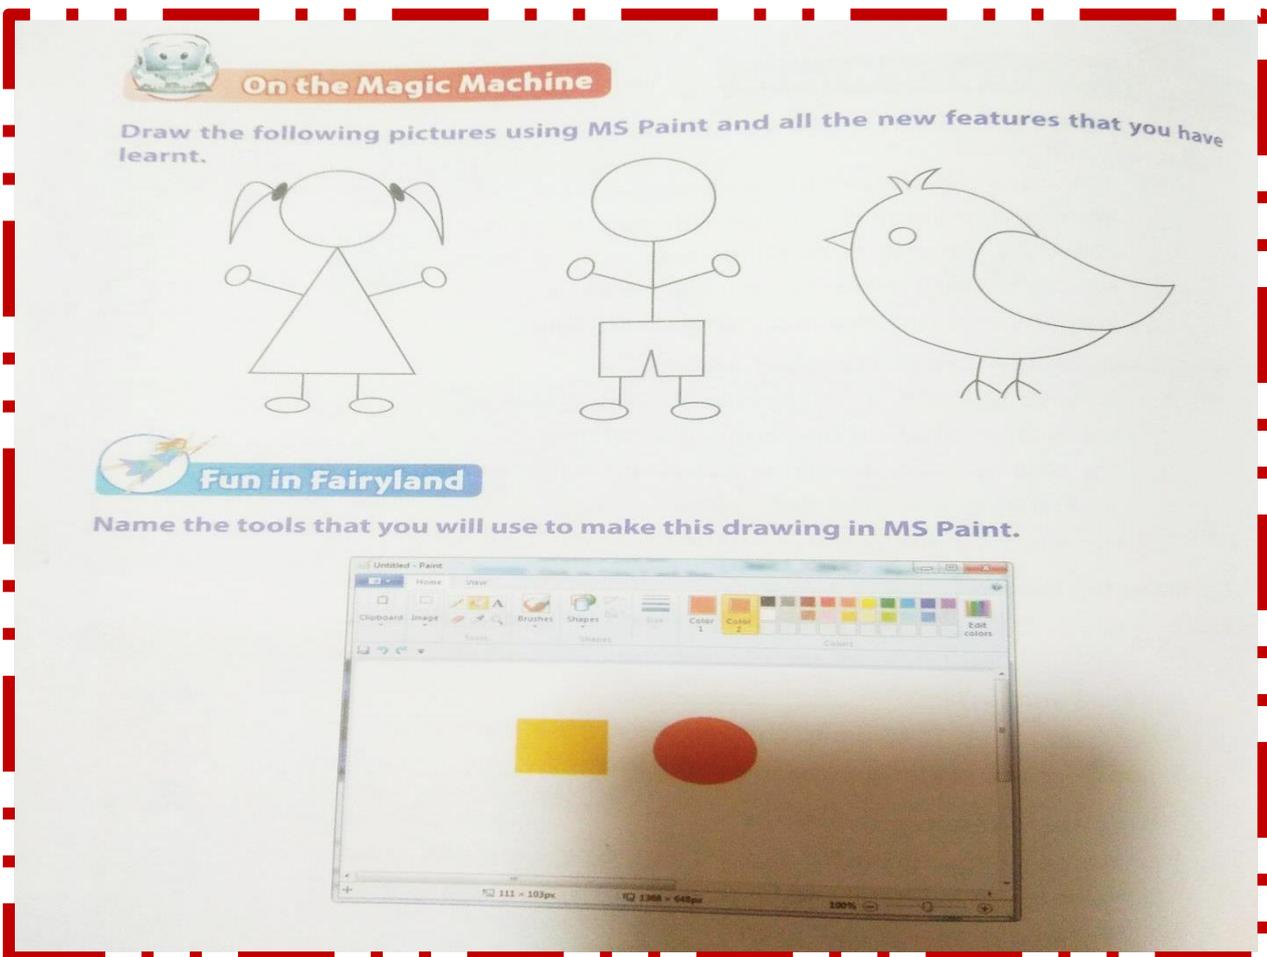

5. Why do we use callout feature?

Ans. Callout features are used to put speaking dialogues for your own comic characters.

## Page No. 74

**On the Magic Machine and Fun in Fairland is to be drawn Practically by the students in MS – Paint.**

**Draw the following pictures using MS Paint and all the new features that you have learnt.**

**On the Magic Machine**

Draw the following pictures using MS Paint and all the new features that you have learnt.

**Fun in Fairyland**

Name the tools that you will use to make this drawing in MS Paint.

The image shows a screenshot of the MS Paint application window. The title bar reads "Untitled - Paint". The interface includes a ribbon with tabs for "Home", "Image", "Brushes", "Shapes", "View", "Color", and "Edit colors". The "Home" tab is active, showing various drawing tools. On the canvas, there is a yellow square and a red circle. The status bar at the bottom indicates the dimensions of the objects: "111 x 103px" for the square and "138 x 64px" for the circle. The zoom level is set to 100%.

II. Using the fill with color tool, colour the drawings given below.  
Student will draw and colour in MS-Paint.

# Answer the Wizard

Page No. 61

A. Identify and name the different tools given below.

1.

Eraser

2.

Brushes

3.

Pencil

**B. Match the brushes with their effects.**

1.		A.		3.
2.		B.		2.
3.		C.		1.
4.		D.		5.
5.		E.		4.

**C. Identify and Write the name of the tool which you will use:-**

1. For typing on the drawing made.

Ans. Text Tool.

2. For drawing like a crayon.

Ans. Brushes Tool.

3. For colouring a shape.

Ans. Fill with Color Tool

4. For erasing the part of a drawing.

**Ans.** Eraser Tool

5. For drawing triangle.

**Ans.** Shapes Tool

**D. Answer the following questions.**

1. Why do we use drawing area?

**Ans.** To make a drawing in the drawing area.

2. What is MS Paint?

**Ans.** MS Paint is software that is used to draw and colour a drawing.

3. What is use of text tool?

**Ans.** Text tool is used to write text in MS Paint.

4. How do we draw different shapes in MS Paint?

**Ans.** We use shapes tool to draw different shapes in MS Paint.

5. Why do we use fill with color tool?

**Ans.** Fill with Color tool is used to colour a drawing in MS Paint.

**Page No. 63**

**E. Name the shapes tools used:-**

1. To draw a circle.

**Ans. Oval shape.**

2. To draw a star.

**Ans. Star shape.**

3. To draw a heart.

**Ans. Heart shape.**

4. To draw a square.

**Ans. Rectangle shape.**

5. To draw a diamond.

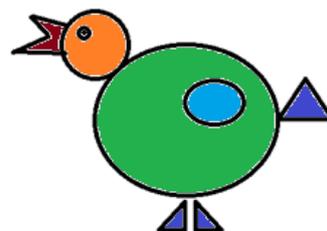

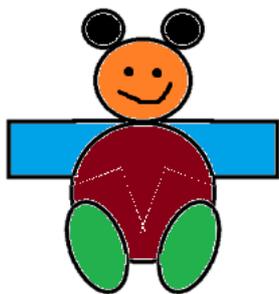

**Ans. Diamond shape.**

On the Magic Machine and Fun in Fairland is to be drawn Practically by the students in MS – Paint.

### Fun In Fairyland

Using the shapes tool which you have learned draw the things given below.

Find and colour the Shift key on the keyboard.

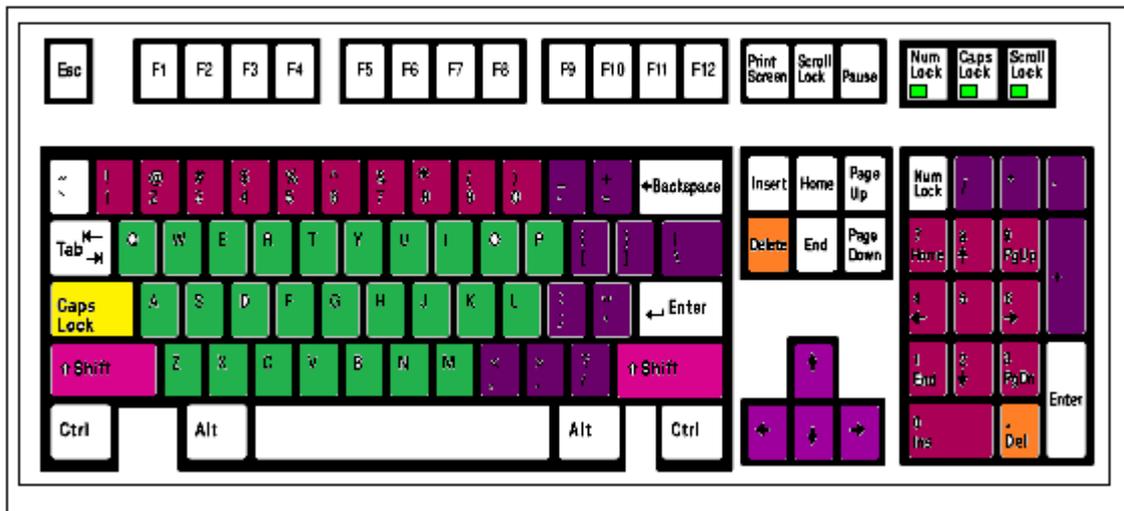

# Activity Land

Page No. 43

Colour the keys in the given figure with the colours mentioned below.

Alphabet Keys :		Shift keys :			
Special Keys :		Caps Lock Key :			
Number Keys :		Arrow Keys :		Delete Key :	

# Answer the Wizard

Page No. 44

A. Write T for true and F for false statements.

1. There are two Number Pads available on the keyboard. F
2. Caps Lock key is used for typing letters in capital. T
3. Alphabet keys are used for typing numbers. F
4. Spacebar key is the longest key on the keyboard. T
5. Shift key is used alone. F

**Page No. 45**

**B. Write the keys used for the following activities.**

1. Using for erasing the character to the left of the cursor. **Backspace key**
2. Used for typing letter in capital. **Caps Lock key**
3. Using for erasing the character to right of the cursor. **Delete key**
4. Used for moving the character to the next line **Enter key**
5. Used for giving the space between words and letters. **Spacebar key**

**C. Fill in the blanks.**

1. **Up Arrow** key used for the moving the cursor up.
2. The capital letters are typed with help of **Caps Lock** key.
3. Home key shifts the cursor to the **beginning** of the line or page.
4. The cursor can be moved to the next line with help of **Enter** key.
5. Spacebar key is used for giving **space** between letters and words.

**D. Answer the following.**

1. Which keys are used for moving in different directions on the screen?

Ans. **Arrow keys** are used for moving in different directions on the screen.

2. Name the four keys on the keyboard.

Ans. **Alphabet keys, Number keys, Special keys, Arrow keys**

3. What is the use of Alphabet keys on the keyboard?

Ans. Alphabet keys are used to type **Alphabet** on the keyboard.

4. Why do we use Enter key?

Ans. Enter key is used **to move the cursor to the next line.**

5. How many Number keys are there on the keyboard?

Ans. There are **two sets of Number keys from 0 to 9** on the keyboard

**A. Put a tick (✓) on the correct option.**

1. The data and instructions one enters into the computer is known as :
  - a) processing
  - b) **input**✓
  - c) output
  
2. All the thinking and calculations in a computer is done by:
  - a) mouse
  - b) keyboard
  - c) **CPU**✓
  
3. The letters, words, numbers and instructions entered into the computer for it to work is called:
  - a) **data**✓
  - b) output
  - c) process
  
4. The final result that computer gives out is called:
  - a) **output**✓
  - b) input
  - c) data
  
5. Monitor and printer are the most commonly used:
  - a) input devices
  - b) **output devices**✓
  - c) processing devices

**B. Write T for true and F for false statements.**

- 1 Data typed into the computer is called input.
- 2 A Laptop is not a computer.

T

F

- 3 Data and commands are input into the computer.
- 4 Computer gives out input.
- 5 We get output from the computer.

T  
F  
T

**B. Name the following.**
