

DELHI PUBLIC SCHOOL, GANDHINAGAR

Academic session 2019-20

Event Report

Title: Communication Week	Date: 3rd to 10th February 2020
Venue: Respective Classes and Resource Room	Class: LKG

Learning about means of communication is the key for children to interact with the persons in their world.

To explore about this concept, Communication week was planned for LKG students in Delhi Public School Gandhinagar from 3rd February to 10th February 2020. At the beginning, students were shown and explained about earlier and latest means of communication like writing letters, messages, landline and mobile phones etc. Children were also taught about the technological advancement of internet and mobile like for keeping us connected, for quick contact, getting knowledge and for entertainment.

On second day video clipping on mode of communication were shown to the students. During the week students made and decorated greeting cards for their Parents. They visited to post-office to see the process of receiving and sending letters. They also posted the greeting cards in the post-box made by them. Apart from that students explored and enjoyed means of communication by making model of phones and communicating through it. In this way, role and importance of communication were explained to the students.
