Title: Workshop on Oral Dental Hygiene	Date: 06.09.18
Venue: Auditorium	Class: Pre-Primary classes

The importance of Oral Dental Hygiene in our daily life is crucial to maintain smile and preventing gum disease, tooth decay, infection and bone loss. To inform our tiny tots about the importance of keeping their teeth clean, a parent Dr. Yashashri Somani, a renowned dentist came and conducted a workshop. She explained about the different ways to keep our teeth clean using Power Point Presentation and videos. The correct method to brush teeth was demonstrated. She emphasised on eating healthy food so that our teeth can remain healthy and advised children to brush at least twice a day.
