Academic session 2022-23
Event Report

Title: Workshop Learning through Play	Date: 20.02.2023
Venue: Audio Visual Room	Class: Pre – Primary Teachers

A workshop on Learning through Play as per the guidelines given by NEP was conducted by Ms. Aparna Mishra on February 10, 2023, on the school campus of DPS Gandhinagar. The teachers of the Pre-Primary Section attended the workshop. The workshop's focus was to help kids learn different things through different play way methods in a classroom. This workshop explored various strategies to explain teachers how they can make the classroom environment interesting and playful for tiny tots. During the workshop, all the attendees dived into activities and enjoyed themselves. In quite the same way, nothing is boring in the class if a teacher thinks like a child and engages with kids. We need to follow a unique model for each child to make them comfortable during learning time.
