

DELHI PUBLIC SCHOOL GANDHINAGAR
Academic Session 2025-26
Event Report

Title: INDIAN INSTRUMENT: TEENTAAL THAH, DUGUN, CHAUGUN	05/07/2025
Venue: Classroom	Class: X

The students of Class X at Delhi Public School, Gandhinagar enthusiastically participated in the “Teentaal – Thah, Dugun, Chaugun” activity, aimed at deepening their understanding of rhythm in Indian classical music. Through clapping and recitation, students explored the concept of *laya* (tempo) by practicing Teentaal in three distinct speeds—*Thah* (slow), *Dugun* (double), and *Chaugun* (quadruple). This hands-on musical session allowed students to experience the intricacies of rhythmic patterns and their variations, enhancing both their theoretical knowledge and practical skills. The activity fostered greater musical sensitivity, focus, and appreciation for the traditional art form.
