# Delhi Public School Gandhinagar

Spectrum **VOLUME 16**

Dear Readers,

Let me start by expressing my gratitude to our faculty, staff, students, and parents for providing full support to start the physical school after a long period of time due to the pandemic closure of the schools. We have started the spectacular journey of the teaching-learning process again under the guidance of the New Education Policy. Some of the prime aspects we have taken into account are:

- ♣ Making education efficacious in all aspects
- ♣ Show reverence to one another and co-exist with compatibility
- ♣ Induce in students the spirit

to launch novel ideas and enable them to think out of the box

- ♣ Promote equal participation in terms of gender and erode disparities
- ♣ Expose students, to analytical and brainstorming situations so that they move out of their comfort zones.
- ♣ Help them infer and arrive at their own stance and take prudent decisions for the desired results
- ♣ Should be environmentally conscious and sensitized toward sustainable development goals.
- ♣ Let us join our hands together to make this world a better place to live in with peace and harmony.

Principal

Anju Singh
