

DELHI PUBLIC SCHOOL, GANDHINAGAR
Academic Session 2026-27
Activity Report

Title: Educational Field Trip	Date: 15.4.26-18.4.26
Venue: Aquatic Gallery-Science City	Class: I to V

“Field trips are the best classrooms where curiosity meets discovery.”

About the Event:

Delhi Public School Gandhinagar, organized an educational field trip for students of **Classes I to V** to the **Aquatic Gallery at Science City** from **15th to 18th April, 2026**. The trip was planned as a part of **Bagless Day Activity** to provide students with an enriching learning experience beyond the classroom environment. The Aquatic Gallery, known for its diverse marine life and interactive displays, offered students a glimpse into the underwater world.

Objectives of the Event:

- ❖ To enhance students’ knowledge about aquatic life and marine biodiversity.
- ❖ To promote experiential and activity-based learning outside the classroom.
- ❖ To encourage observation skills and interactive learning.

The Event and Participation:

Students of Classes I to V enthusiastically explored various sections of the **Aquatic Gallery** during the field trip organized from **15th to 18th April, 2026**, where they observed different species of fish, aquatic plants, and other marine organisms. They closely examined live aquarium displays, learned about different habitats, and understood how aquatic creatures adapt to their environment.

Students also interacted with informative exhibits and gained valuable insights into marine conservation and biodiversity. The school, known for its commitment to holistic and experiential learning, continues to provide such opportunities for students’ overall development. Their excitement was evident as they actively engaged with the exhibits and shared their observations with peers and teachers.

The trip proved to be both educational and enjoyable, offering a perfect blend of learning and fun. It was conducted under the careful supervision of teachers, ensuring safety and smooth coordination throughout. Overall, the field trip was a memorable experience that broadened students’ understanding and appreciation of the aquatic world.

Glimpses of the Visit to Aquatic Gallery, Science City
