<b>Title: “If I Were a Scientist - Unleashing the Power of Imagination!”</b>	<b>Date: 20/03/2026</b>
<b>Venue: Classrooms</b>	<b>Class: X</b>

*“Science and imagination are two wings of the same bird — one explores what is, the other envisions what could be.”*

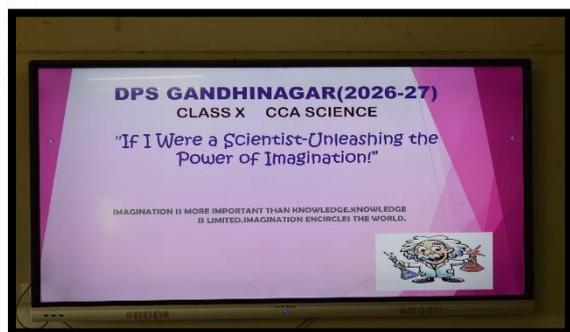

To encourage creativity, scientific temperament, and narrative skills among students, the Science Department of DPS Gandhinagar organized an Inter-Class competition for Class-X titled “If I Were a Scientist” on 20 March 2026.

Students were asked to imagine themselves as scientists and write a narrative beginning with the title **“If I Were a Scientist.”** Students were encouraged to explore imaginative ideas, discoveries, and inventions that they would create if they were scientists.

The activity aimed to integrate Science, English and Art through creative expression and scientific thinking. Students presented their work creatively on decorative scrolls, making the activity artistic and visually appealing. The scroll format encouraged students to express scientific ideas imaginatively while also enhancing their language skills.

The activity was highly interactive, showcasing vibrant imagination along with enthusiastic participation from the students. It also encouraged them to reflect on how scientific discoveries can be used responsibly to benefit society and protect the environment.
