<b>Title: 3 D Model Making Competition- Digestive / Respiratory System</b>	<b>Date: 04/07/2026</b>
<b>Venue: Classrooms</b>	<b>Department: Science</b>

*“The human body is the best picture of the human soul.”*

Delhi Public School, Gandhinagar conducted a Group Activity for the students of Class VII on making 3D models of the Digestive and Respiratory Systems, with the objective of enhancing students’ understanding of human body systems through hands-on learning and collaborative work.

Students worked enthusiastically in groups to design and create innovative three-dimensional models depicting the structure and functioning of the digestive and respiratory systems. Using a variety of materials such as clay, cardboard, chart paper, and recycled items, the participants demonstrated creativity, scientific understanding, and teamwork.

The activity provided students with an excellent opportunity to explore the organs involved in digestion and respiration in an informative and engaging way. It encouraged experiential learning, fostered a scientific temperament, and promoted collaboration among students. Overall, the activity was a great success, enriching students’ understanding of the human body systems through an interactive and enjoyable learning experience.
