

DELHI PUBLIC SCHOOL GANDHINAGAR

Academic Session 2022-23

Event Report

Title: Strategies for teaching Literacy & Numeracy as per NEP 2020.	Date: 23.2.23
Venue: A V Room	Participants: Educators of Pre - Primary wing

Having a strategic plan is what enables you to stay the course even in times of change. Delhi Public School Gandhinagar wants to spotlight this through an internal workshop which was conducted on February 23, 2023 for Pre - Primary teachers on Strategies for literacy and Numeracy as per NEP 2020.

The workshop emphasizes on various strategies for teaching literacy and numeracy from an early age, stressing the importance of various components as per NEP like emerging reading and writing, elements of early language and literacy, reading with comprehension, phonological awareness, balanced approach, and reading and writing strategies. The four-block approach for literacy and Numeracy was explained. The workshop also focused on some strategies for teaching an unfamiliar language—approaches to teach Mathematics as per ELPS strategy. Students are encouraged to improve their lower and higher-order thinking skills by opening their minds to worlds beyond imagination.

The internal workshop was conducted by Ms. Sravanthi Reddy accentuate how Strategic approach helps in implementing NEP policy and contributes to students' academic success, and emotional well-being and how it helps for their holistic development. The workshop aimed at helping the teachers to understand the needs of young minds in developing 21st-century skills. In a diverse country like India where classrooms are filled with students from different cultural backgrounds, NEP acts as the torch bearer which can help in achieving the goal of having inclusive classrooms and the strategies of NEP can be another repertoire of a good teacher.

Overall, the workshop was interactive and an enriching session where all the educators participated actively and shared their views on implementing NEP 2020.
