

DELHI PUBLIC SCHOOL GANDHINAGAR

Academic Session 2025-26

Event Report

Title: GREAT MATHEMINDS – MATHS COLLAGE ACTIVITY	Date: 25-04-2025
Venue: Classrooms	Class: IV (A to I)

About the Event

At Delhi Public School, Gandhinagar, we strongly believe that projects and activities make learning more engaging, enjoyable, and meaningful. In line with this belief, a creative and educational collage activity titled “Great Matheminds” was conducted for Class IV students on April 25, 2025.

Objectives:

- ♠ To familiarize students with renowned mathematicians and their significant contributions.
- ♠ To encourage research, creativity, and presentation skills.
- ♠ To cultivate an interest in mathematics.

The Event & Participation

“Great Matheminds” Maths Collage Activity for Class IV aimed to introduce students to the world of mathematics by encouraging them to research and learn about famous mathematicians and their ground-breaking work. Each student created a vibrant collage in their school scrapbook, featuring a minimum of two and a maximum of four mathematicians. For each mathematician, students included - full name, nickname (if any), life span (date of birth & date of death), a brief description of their research or contributions. Students were also encouraged to enhance their scrapbook pages using decorative materials of their choice, resulting in creative, colourful, and visually appealing presentations. The activity successfully sparked curiosity and enthusiasm among the students. We look forward to conducting more such enriching experiences in the future.

Here are some highlights from the vibrant activity.
