Embracing the Summer - Break

Dear Parents,

We would like to assign some courses of action to make your summer experience a memorable one.

- Have at least two meals with your children. Tell them about the importance of farmers and their hard work. And tell them not to waste their food.
- Let them wash their own plates after eating. This way, children will understand the value of hard work.
- Let them help you in cooking. Let them make vegetables or salads for themselves.
- Visit the houses of three neighbours. Learn more about them and build relationships.
- Visit grandparents' house and let them mingle with the children. Their love and emotional support are very important for your children. Take pictures with them.
- Take them to your workplace so that they understand how much hard work you do for the family.
- Encourage your children to make a kitchen garden. Knowing about plants is also important for your child's development.
- Tell your children about your childhood and family history.
- Let your children play outside, get hurt, get dirty. Sometimes falling down and enduring pain is good for them. A life like the cushion of a sofa will make your children lazy.
- Let them have a pet like a dog, cat, bird, or fish. Do not miss any local festivals or markets.
- Listen to some folk songs with your children. Bring some story books with colourful pictures for your children.
- Keep your children away from TV, mobile phones, computers, and electronic gadgets. They have a whole life for all these.
- Look into your children's eyes and thank God that He has given you such a wonderful gift. In the coming years, they will be at new heights. As parents, it is important that you give your time to your children.

**Thank you once again for your partnership and commitment to your child's education.
We wish you and your family a summer filled with joy, laughter, and unforgettable moments.**

**Regards:
Team DPS Gandhinagar**
