

DELHI PUBLIC SCHOOL, GANDHINAGAR
Academic session 2022-23
Event Report

Title: Hygiene Day	Date:21/04/2022
Venue: Pre-Primary Wing	Class: L.K.G.

"A HEALTHY MIND RESIDES IN A HEALTHY BODY."

Personal hygiene being the action/habit/practice of keeping oneself clean plays a major role to promote healthy living of individual as well as society. Therefore, it is important to develop the sense of hygiene during the early stages in the life of an individual so that it influences his/her habits as well as life style. Delhi Public School Gandhinagar not only imparts knowledge, but also plays a pivotal role in the development of habits as well as overall personality of the students. "HYGIENE DAY" was organised on 21st April 2022 for the students of LKG, to inculcate the habit of personal hygiene. Several initiatives were taken up to educate kids about healthy living, personal hygiene and its importance through posters. Story session with puppets was held to generate oral hygiene awareness among students. Art & craft activities were done to teach steps to wash hands, to take bath and to maintain healthy teeth. At the end of the day students went home with a souvenir on Hygiene Day
