Nursery Students Shine with Confidence and Creativity

Delhi Public School, Gandhinagar, joyfully organized the “**Recite Me**” event for Nursery students on **December 9, 2025**, to encourage musical expression and strengthen oratory skills among young learners. Rhymes hold a special place in early education, helping children develop language, rhythm, and imagination. This event offered a cheerful platform for the little ones to express themselves through words, music, and movement.

The tiny performers presented a delightful variety of rhymes on the **theme of Nature**, captivating everyone with their confidence, clarity, and lively expressions. Their performances, filled with rhythm and joy, beautifully reflected their growing love for learning. Each child was appreciated and evaluated for their introduction and overall presentation, fostering a spirit of encouragement and positivity. The event was gracefully judged by **Ms. LAXMI VERMA** and **Ms. NAMRATA BRAHMBHATT**, who appreciated the performers for their confidence, expressions, and presentation skills. Their encouraging words further motivated the children to perform with great enthusiasm. Teachers applauded the sincere efforts of all participants and praised their enthusiasm. **Badges were awarded** to outstanding performers, celebrating their creativity and dedication.

Such events play a vital role in enhancing children’s confidence, helping them overcome stage fright, and fostering their holistic development. The cheerful energy and expressive performances of our young stars made the day truly memorable and heartwarming.
