

DELHI PUBLIC SCHOOL GANDHINAGAR

Academic Session 2022-23

Event Report

Title: Rainbow Day	Date: 25.11.22
Venue: Audio Visual Room	Class: Nursery

There is a rainbow of hope, love, honesty and kindness in every child. To keep this rainbow alive in every child of Nursery class, Rainbow Day was celebrated on November 25, 2022, at Delhi Public School Gandhinagar. To celebrate the day, the activity room was decorated in rainbow colours with various attractive objects, toys, and real things. Teachers and students spoke about the significance of different colours using props and rhymes. They experimented to get secondary colours by mixing primary colours. They performed various group art activities. It was indeed a fun-filled day for the little wonders as they were seen completely engaged in practical activities that will enhance their mental development process. Eventually, the little munchkins were able to understand how a rainbow is formed by the sunlight shining through raindrops and how the rain bends the light from the sunshine and colours the sky for all of us in the form of a rainbow.
