

DELHI PUBLIC SCHOOL GANDHINAGAR

Academic Session 2026-27

Event Report

Title: French Song	Date: 14/08/2026
Venue: Classroom	Class: VIII (E & F)

The Third Language Department organised an Art Integrated Learning (AIL) Group Activity for the French students of Class VIII on 14 August 2026. The activity was designed to provide students with an innovative and enjoyable way of learning French by integrating language with music, creativity and performance.

As part of the activity, students enthusiastically participated in a French Singing Activity. Through carefully selected French songs, students practised their pronunciation, vocabulary, rhythm and intonation. Singing helped them become more familiar with the sounds and structure of the French language while making the learning process interactive and enjoyable.

The musical element made the learning experience more engaging and helped students appreciate the rhythm, melody and cultural richness of the French language. The singing activity provided students with an opportunity to improve their listening and speaking skills in an enjoyable manner. It helped them become more comfortable with French words and phrases and encouraged them to use the language with greater confidence. The combination of music and language also made it easier for students to remember new vocabulary and pronunciation patterns.

The French Singing Activity successfully demonstrated the effectiveness of Art Integrated Learning in making classroom learning experiential and joyful. It encouraged students to learn beyond textbooks and provided them with a memorable opportunity to develop their linguistic, creative and social skills.

Overall, the activity was a meaningful, interactive and enriching experience for the students, combining education, creativity and enjoyment through the universal language of music.
