☐

winter

☐

Case-Study Question: (T.B Pg-82 , 83)

Read the case study and answer the following questions given below:

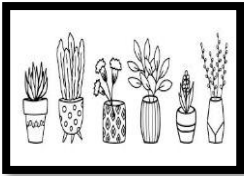

Weather is the condition of the air of a place for a particular time. It does not remain the same on all days, keeps changing. When one type of weather continues for many days which is called the season. there are three main seasons in our country. They are the summer, monsoon and winter. In summer, it is very hot and the sun shines very bright. Days are long, nights are short. We sweat a lot, feel thirsty all the time. We like to have cold water, juices and ice cream. In winter, it is very cold. Days are short, nights are long. We use the blanket quilts to protect ourselves from the cold. We like to have hot food and hot drinks in water in winter.

Questions:

1. Rohan is looking out the window. In the morning, it was bright and sunny. In the afternoon, it started raining. Now, in the evening, it is very windy. What is changing so fast?
a) the season b) the weather c) the year
2. Meera's grandmother says, "In this month, the sun stays up in the sky for a very long time." You can play outside even at 7:00 in the evening because it is still bright! " Which season is Meera enjoying?
a) winter b) monsoon c) summer
3. Ali is going on a picnic today. He packs an ice cream box, cold watermelon juice, and a big bottle of cold water. What is the weather most likely like outside?
a) It is freezing cold and snowing.
b) It is very hot and sunny.
c) It is a dark, rainy night.
4. Maya is helping her mother clean the cupboard. Her mother says, "Keep the thick blankets and warm quilts on the bed today because the nights are going to be very long and freezing." What season are they preparing for?
a) summer b) winter c) monsoon
5. Look at the pictures in your mind. Which child is doing the right thing for the summer season?
a) Sonu is drinking hot soup next to a fire.
b) Pinky is wearing a thick woollen jacket to school.
c) Yash is drinking a glass of cool mango juice because he is sweating.

Q.2 Answer the following questions in one word only.

1. Plants that need support to stand erect.

2. Big plants

3. Plants that creep on the ground

4. Very small plants having soft and green stems.

Q.3 Pick the odd one out from the family and circle it.

Family

1. Jute

2. Root

3. Nuts

4. Paper

Members

Mat , perfume , rope , bag

Cabbage , carrot , radish , turnip

groundnut , walnut , wheat , almond

book , notebook , newspaper , furniture

Case-Study Question: (T.B Pg-87)

Read the case study and answer the following questions given below:

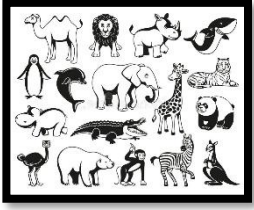

We get fruits and vegetables from the plants. Plants provide food to animals and humans. The different parts of the plant are root, stem, leaves, flowers, fruits, and seeds. Roots anchor, roots provide water to the plant, hold the plant firmly in the soil, stem helps the plant to stand upright, leaves make food for the plant, and flowers are the colourful part of the plant which produce the fruit. There are the plants, plants differ in size, height, number, branches. The main five types of the plants are herbs, shrubs, trees, climbers, and creepers.

Questions:

1. Rohan ate an apple and some carrots for lunch. From where do we get fruits and vegetables?
a) animals b) plants c) rocks
2. Meera saw a plant standing firmly in the soil. Which part of the plant helps to hold it in the soil?
a) flower b) root c) leaf
3. Aarav noticed that the leaves of a plant were green and healthy. What is the main function of leaves?
a) To make food for the plant.
b) To hold the plant upright.
c) To produce seeds.
4. Which part of the plant helps it stand upright?
a) stem b) root c) flower
5. Riya saw colourful flowers in the garden. What do flowers produce?
a) stones b) fruits c) water
6. A money plant needs support to grow upward. Which type of plant is it?
a) tree b) climber c) herb
7. Ravi saw a pumpkin plant spreading on the ground. Which type of plant is it?
a) creeper b) shrub c) tree
8. Why are plants important for animals and humans?
a) They provide food.
b) They make toys.
c) They give us books.

Topic:- Chapter 15 (The World of Animals)

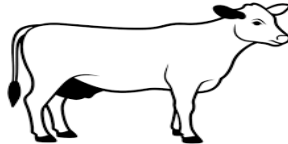

Q1. Tick and colour the correct option: -

1. This animal is very big in size.

a) monkey

b) cow

c) elephant

2. Which animal move by crawling ?

a) fish

b) snake

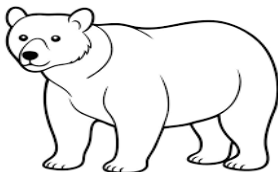

c) rabbit

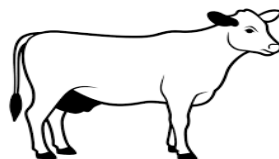

3. In this figure, which animal eats both flesh and plants?

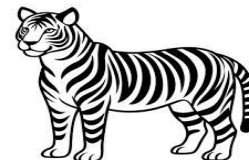

a) bear

b) cow

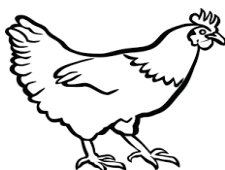

c) tiger

4. To make woollen clothes like sweaters and caps that we wear in winter is obtained from?

a) hen

b) sheep

c) bird

Q.2 Give two examples:

1. Scavengers— _____, _____
2. Birds— _____, _____
3. Beasts of Burden- _____, _____

Q.3 Colour the box green if the thing is obtained from a plant and red if it is obtained.

from animals:

Book	☐	Mango	☐	Table	☐	Honey	☐
Wool	☐	Milk	☐	Eggs	☐	Paper	☐

Case-Study Question: (T.B Pg-97,98)

Read the case study and answer the following questions given below:

Animals are useful animals like cows, buffaloes, goats, horses, camels, and donkeys eat grass , fruits and leaves .Such animals are called herbivores or plant-eating animals are very useful for us .They provide many things like milk, food, fibres, fuel to us. We raise them and take care of them in the farms and the backyard of our houses and are called the domestic animals. Animals like tiger , lion and leopard eat the flesh of other animals are called carnivores or flesh-eating animals.

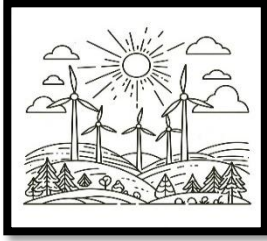

Questions:

1. Rehan is visiting a village farm. He sees a horse pulling a cart and a donkey carrying a bag of wheat. Why are these animals kept on the farm instead of in a forest?
 - a) They are wild animals that like to fight.
 - b) They are useful domestic animals that help humans.
 - c) They do not need any food or water to live.
2. Tina has two baskets of food. Basket 1 has grass and leaves. Basket 2 has fresh meat pieces. If a hungry lion comes out of the bushes, which basket will it choose?
 - a) Basket 1, because lions are herbivores.
 - b) Basket 2, because lions are carnivores.
 - c) Neither, because lions only drink juice.
3. Radha's father builds a cozy shed in their backyard to take care of a buffalo. Why does Radha's family take care of this domestic animal at home?
 - a) Because the buffalo protects them from wild lions.
 - b) Because the buffalo gives them useful things like milk.
 - c) Because the buffalo can fly high in the sky.

4. A school is planning a field trip to see domestic animals that give us milk and fibres. Which place should the teacher take the students?
- a) A deep jungle with lions and tigers
 - b) A dairy and sheep farm with cows and goats
 - c) A city desert with only sand dunes
5. Deep in the jungle, a lion walks right past a tree full of sweet, juicy mangoes and green leaves. Why does the lion ignore the fruits?
- a) Because it is a carnivore and only eats the flesh of other animals.
 - b) Because it is a domestic animal that only eats from a bowl.
 - c) Because it only likes to eat grass at nighttime.

Q1. Fill in the blanks :-

storm, breeze, breathe, direction

1. When air moves gently, it is called _____.
2. Air always blows in a _____.
3. A _____ can uproot trees.
4. We need air to _____.

Q3. Circle and colour the things that need air:-

Case Study Question: (T.B Pg-111)

Read the case study and answer the following questions given below:

Air is important for all living beings. We need air to breathe. While breathing, we take in oxygen from the air and give out carbon dioxide. Moving air is called wind. Wind is very useful for us. It helps to move the blades of windmills. Windmills are used to produce electricity and to draw water from wells. Wind helps boats to move on water. A hot air balloon can rise and fly with the help of wind. We feel cool and fresh on a windy day. We can fly kites easily when it is windy. Wind also helps to carry seeds from one place to another. These seeds grow into new plants.

Questions:

1. Meera sat near the window on a windy evening and enjoyed the fresh air. How did she feel?
a) cool and fresh b) angry c) hungry

2. Sara's kite flew high on a windy day. Why could she fly it easily?
a) because of wind b) because of rain c) because of darkness
3. A farmer saw the blades of a windmill moving fast. What moved its blades?
a) Water b) Wind c) Sand
4. Wind helps to carry _____ from one place to another.
a) Books b) Seeds c) Toys
5. Air is important for all _____.
a) toys b) living beings c) vehicles
6. Kabir just finished running a fast race at school. He was breathing very hard and fast. Which gas is Kabir's body urgently taking in from the air while he takes those deep breaths?
a) oxygen b) carbon dioxide c) smoke
