Title: Fruits and Vegetables Week	Date: 02.02.26 to 07.02.26
Venue: A.V. Room	Class: Nursery

Delhi Public School organized **Fruits and Vegetables Week** for the Nursery students from **February 2 to February 7, 2026**, to create awareness about healthy eating habits in a fun and meaningful way.

The week began with **Monday – Magic Day**, where little ones came dressed in colourful outfits, filling the campus with joy and excitement. They enjoyed the magic games organised and planned by the class teacher. On **Tuesday – Kids Kitchenette Day**, students brought different fruits from home and enthusiastically prepared a fresh fruit salad in school, learning about teamwork and nutrition.

Wednesday was marked by a **Show and Speak activity**, where students confidently spoke about their favourite fruit or vegetable using props brought from home, helping to build their communication skills. On **Thursday**, students attended school in proper uniform, maintaining routine and discipline, and solved the interesting puzzles related to fruits and vegetables.

The fun continued on **Friday – Collage Day**, with students dressed in colourful attire and creating beautiful fruit and vegetable collages, showcasing their creativity. The celebration concluded on **Saturday** with a vibrant **Fruits and Veggies Parade**, where students came dressed as different fruits and vegetables and proudly participated in the parade organized by the teacher.

The week-long celebration was a delightful learning experience that promoted healthy food choices, confidence, creativity, and joyful participation among our tiny tots.
