"Literature lives on when young minds reimagine it with creativity and curiosity."

The English Department of Delhi Public School Gandhinagar successfully organized an innovative and engaging *Design-A-Gram Competition* for the students of Class XII on 20 March 2026 that aimed to blend creativity with literary and historical understanding through a modern, digital perspective.

Students, working in teams of four to five, were tasked with reimagining renowned literary and historical personalities in today's digital era by designing Instagram-style profiles. Each group selected a character and thoughtfully curated elements such as profile names, bios, display pictures or illustrations, and creative posts accompanied by captions and hashtags.

The activity witnessed enthusiastic participation, with students showcasing exceptional creativity, originality, and research skills. The thoughtfully designed profiles reflected a deep understanding of the chosen personalities, capturing their essence, achievements, and ideologies in a contemporary format.

Judgement was based on well-defined criteria, including the choice of character, quality of bio, creativity of display picture, originality of posts, and the effectiveness of captions and hashtags. The competition not only encouraged artistic expression but also enhanced critical thinking, collaboration, and communication skills among students.

Overall, the activity proved to be a resounding success, transforming learning into an immersive and enjoyable experience. It truly brought literature and history alive, allowing students to connect with iconic figures in a creative and meaningful way.
