

DELHI PUBLIC SCHOOL, GANDHINAGAR
Academic session 2022-23
Holiday Homework (Nursery)

“There is no time to be bored in a world as beautiful as this. “

- 1. Be secure:** - Today's world is not a safe place as it used to be a few decades back. Make your child learn the emergency numbers and their parent's phone number.
- 2. Colouring time:** --The world would be a boring place without the colours. So, let's do some colouring and enjoy. Scribble with crayon on paper sheet in 2parts, 4parts, 6parts and 8 parts. ***Remember the child use up-down and left-right-left strokes and not to merge colouring in the other part.**
- 3. Ball making:** - To clear the concept of big and small make two newspaper balls. One should be small and the other one should be big. Ask your child to identify which one is small and which is big.
- 4. Zigzag walk and find the home:** -Take two baskets, one full of toys and the other one empty. Put piles of books and other things in a straight line on the floor. Put the baskets on the two ends of the track. Let your child run in zigzag line across the track and pick up a toy and take it to its home (the empty basket).
- 5. Inserting Crayon/ Pencil:** - To develop finer motor skills and cognitive skills of your child, take an empty cardboard box, make small holes in it and ask your child to insert crayons or pencils in those holes and then remove them.
- 6. Creativity time:** - To develop a creative mind of our little one's made any one project with the help of Palm Printing on A-4 size paper and decorate it. (Sample image is given below)
- 7. Game junction:** - In this heat we can't go for outing so we will create a game station at our home for our loving one's to develop their sporting skills. (Please go through with the link given - https://youtu.be/MwX_esLWcZ0.)
- 8. Revision time:** - Let the students revise the topics taught in class through worksheets attached.

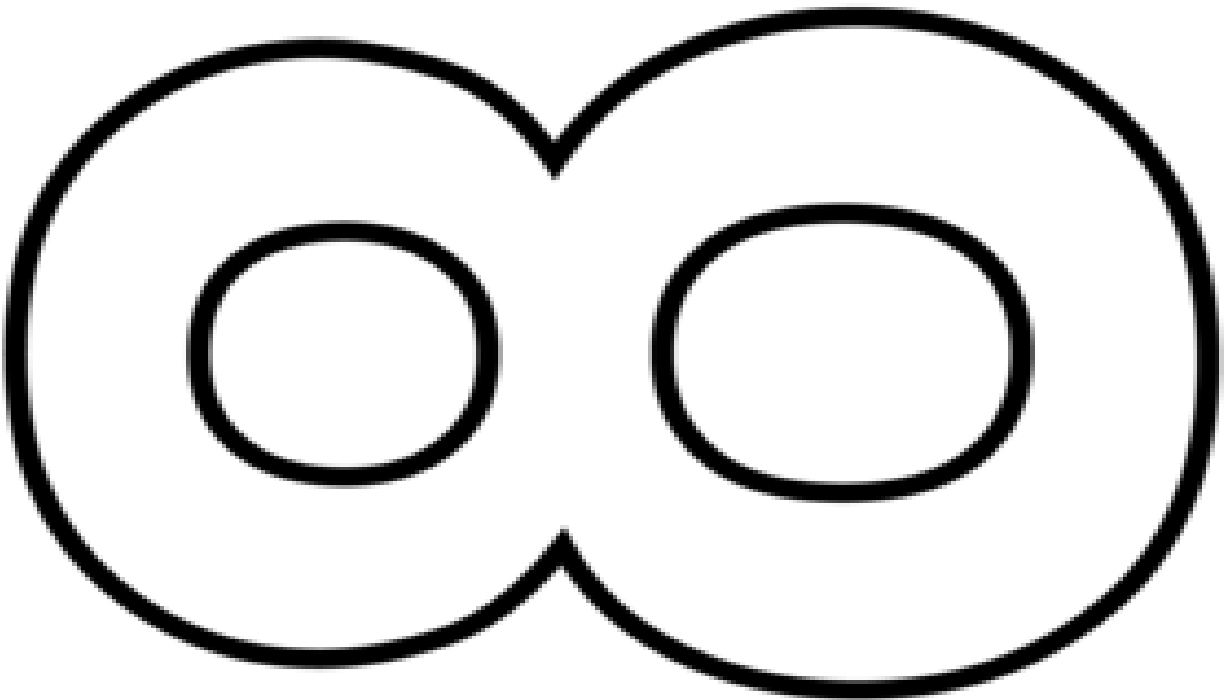

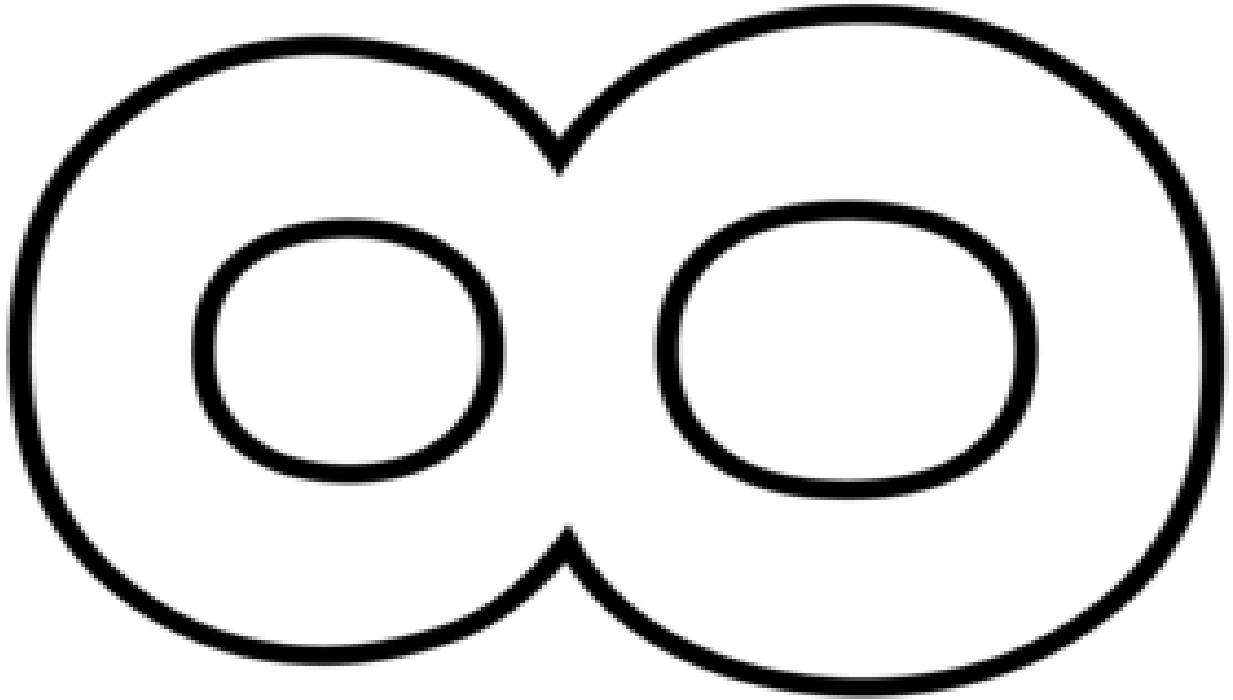

Note: Dear Parents, Kindly send the worksheets and collage of activity photographs in a labeled file on 18 June, 2022.
