

DELHI PUBLIC SCHOOL GANDHINAGAR

Academic Session 2025-26

Event Report

Title: Pitchers	Date:05/07/2025
Venue: Class Room	Class: XII (Commerce)

"The Aim of Art Is Not to Represent the Outward Appearance of Things but Their Inward Significance."

In an effort to instil purposeful learning and prepare students for future projects, Delhi Public School Gandhinagar organized "Pitchers Competition" for Class XII (Commerce) students on 05 JULY 2025. The purpose of the competition was to prepare our students for the commercial world. It serves as a platform for aspiring young entrepreneurs to showcase their innovative ideas and pitching skills.

The students demonstrated great enthusiasm and actively participated in the activity. Their task was to create a PPT and a presentation regarding different business ideas showcasing their various innovative skills.

The activity provided the students with comprehensive understanding of various concepts essential for running a business smoothly. By integrating art with these subjects, the students were able to envisage and comprehend the practical aspects of what they had learned. This holistic approach encouraged critical thinking, problem-solving, and creativity. Through this activity, the students also developed skills in collaboration and teamwork. They worked together to brainstorm ideas, divide tasks, and create an impressive final presentation that showcased their understanding of the idea.

Delhi Public School Gandhinagar continues to strive for innovative and holistic methods of education to ensure its students receive a well-rounded and comprehensive learning experience.
