

DELHI PUBLIC SCHOOL GANDHINAGAR
Academic Session 2026-27
Event Report

TITLE: SANSKRIT- Poster Making Activity	Date: 10-17 August 2026
Venue: Classrooms	Class: VIII

Delhi Public School Gandhinagar organized an engaging Intra-Class Poster Making Activity for Class VIII students in August 2026 under the theme "Sanskrit Heritage, Science and Literature". This individual activity gave students a creative platform to embark on a journey through the language's rich history, Vedic mathematics, Ayurveda, and classical literature by designing colourful and informative posters. Conducting as part of the curriculum enrichment initiative, students utilized A4 or A3-size sheets to visually showcase Sanskrit subjects, nature, and ancient knowledge systems. They incorporated creative titles, catchy Sanskrit slogans, and cultural illustrations using colours, sketches, and neat lettering. The event was successfully evaluated across criteria including language expression and content, artistic presentation and visual appeal, cultural relevance and research, and individual effort and neatness. Ultimately, the activity effectively fostered individual research, artistic expression, language acquisition, and cultural appreciation among all participants.

Glimpses of the Activity:
