Academic session 2023-24
Event Report

Title: Bubble Bath Day	Date: 01/05/2023
Venue: Swimming Pool Area	Class: Nursery

To beat the heat with the soothing coolness of the pool and bubbles, 'Bubble Bath Day' was organised for the students of Nursery on May 1, 2023 at Delhi Public School, Gandhinagar.

The poolside was decorated with balloons, balls and banners to add ambience to the area. Bubbling Bubbles were blown by the teachers to enhance the fun. Children splashed, made bubbles and experienced a different kind of pool party. These activities help in strengthening muscles, building balance, coordination and boosting social growth among children.

The tiny tots turned up in colourful funky dresses. They were frolicking in the pool and had great fun playing in the bubbling water. Rasna making was a cherry on the cake. They prepared their own Rasna drink and relished the cool treat. The day went perfect for children and brought happiness in the corridor of Pre-primary Section.
