

DELHI PUBLIC SCHOOL GANDHINAGAR
Academic Session 2024-25
Event Report

Title: Crazy Week	Date: 3.2.25 to 7.2.25
Venue: A.V. room and Playground	Class: Nursery

Play, fun, and relaxation play a prominent role in the healthy brain development of a child. Keeping this thought in mind, Delhi Public School Gandhinagar organized Crazy Week from February 3, 2025, to February 7, 2025, for the tiny tots of Nursery.

The week began with the children doing Magic Painting on Magic Monday, leaving them curious. Humor plays an important role in developing self-esteem, coping with stressful situations, and expanding their social skills, Tickling Tuesday was organized in which students laughed their hearts out. To develop the ability to observe, analyze, and synthesize information, our little scientists were shown different science experiments on WOW Wednesday. To stimulate the sense of taste and to give our young minds the experience of cooking without fire, the Kids Kitchenette activity of making Rasna was organized on Thirsty Thursday. The week ended with some fun games on Fun Friday. The happy faces of the kids at the end of each day of the week were a visual to watch.
