Educational Field Trip by DPS Gandhinagar School To Science City, Ahmedabad

Delhi Public School Gandhinagar took students for one day Science City education tour for the students to promote and enhance students' understanding of the culture of science and technology, to supplement science education given in schools and to organize various out-of-school educational activities to foster a spirit of scientific enquiry and creativity among the students. The visit to Science City in Ahmedabad included the aquatic gallery. The aquarium consists of different tanks dedicated to aquatic species from across the world, providing an experience never seen before. Planet Earth Pavilion, constructed over an area of 9000 sq.m hexagonal grid pattern with a unique dome structure having a 50-meter diameter. It showcased live incidents relating to natural disasters and disaster management to students. The students enjoyed their walk through the various attraction of the Nature Park and also liked the butterfly garden, chess garden, children's play area and cactus garden, etc.
