“Storytelling is the most powerful way to put ideas into this world.” – Robert McKee

In today's digital age where television, computer, and other gadgets have replaced Grandma's stories, Delhi Public School – Gandhinagar organized a 'Narrate your Unique Story Event' for class LKG on 10.11.22 & 11.11.22 to instil the art of narrating a story among the students and revive the tradition of storytelling and listening.

The competition encouraged students to use their linguistic skills, imagination, and creativity to bring out the storyteller in them. Students participated with tremendous effort to make this event a successful one. The stories that they narrated were moral based and storytellers used a variety of props to make their stories interesting and expressive. A few of them dressed up as a character of their stories. The voice modulation and the expressions on the children's faces while narrating left everyone awestruck. It helped the students to improve their creative side and was a welcome change from routine activities. Students were judged on the basis of content, facial expressions, creativity, and voice modulation. Winners were felicitated by giving certificates.
