Academic session 2023-24
Event Report

Title: ETIQUETTES DAY	Date: 01.09.23
Venue: : AV ROOM	Class: LKG

Table manners and etiquette are essential social skills that children should use in everyday life. With this motto, Etiquette Day was celebrated for the LKG students on September 1, 2023. Children were taught the importance of chewing with their mouths closed and not talking while eating food. They were encouraged to take the required amount and not waste any food at any cost. They were taught the basic etiquette of coming to the table with clean hands and faces. They also learned the importance of correct posture while sitting, the use of the napkin, spoon and fork as well as how to be excused from a table, etc.

The session was a great learning experience as our little ones learned about table etiquette in detail. They participated with full enthusiasm and learned the table skills.
